Group Health Insurance is an insurance policy which covers financial consequences of Hospitalization due to illness or injuries. All the covered members in the group to which such group health policy has been issued will be the beneficiaries.

All benefits under this policy will be subject to a maximum amount as stated in the policy. These will be clearly noted in any quotation released or any policy issued. Policy benefits will always be subject to terms and conditions mentioned in Policy and policy schedule/certificate of insurance.

Eligibility:

Policy Tenure: This policy can be availed for a duration of 1 year. In case of Credit linked Policy, tenure can be up to 5 years.

Group details:

A Group should consist of persons who assemble together with a commonality of purpose or engaging common economic activity like employees of a Company. Non Employer-employee groups like employee welfare associations, holders of credit cards/debit cards issued by banks/ specific Company, customers of a particular business where insurance is offered as an add on benefit, borrowers of Banks, professional associations or societies may be also treated as Group provided President/Secretary/Manager/Group Organizer in his capacity as organizer of the Group has an authority from majority of members of the Group to arrange insurance on their behalf or is doing so as part of a necessary security for other matters such as Bank on the life of borrowers. For employer-employee Groups, the scheme may be either contributory or non-contributory and there will be no limit to employer contributions.

There should be a clearly evident relationship between the member and the group manager for services other than insurance. While a homogeneous group of persons may decide to buy a group insurance policy to achieve saving in cost, a person negotiating "group" rates and then going round finding members to insure will not be considered as a legitimate group.

Size of Group:

Minimum size of the group is defined as seven (7). This is always subject to minimum size requirement of a Group as defined by extant IRDAI regulations.

There is no limit defined for maximum size of the group.
